with info of cropped data.

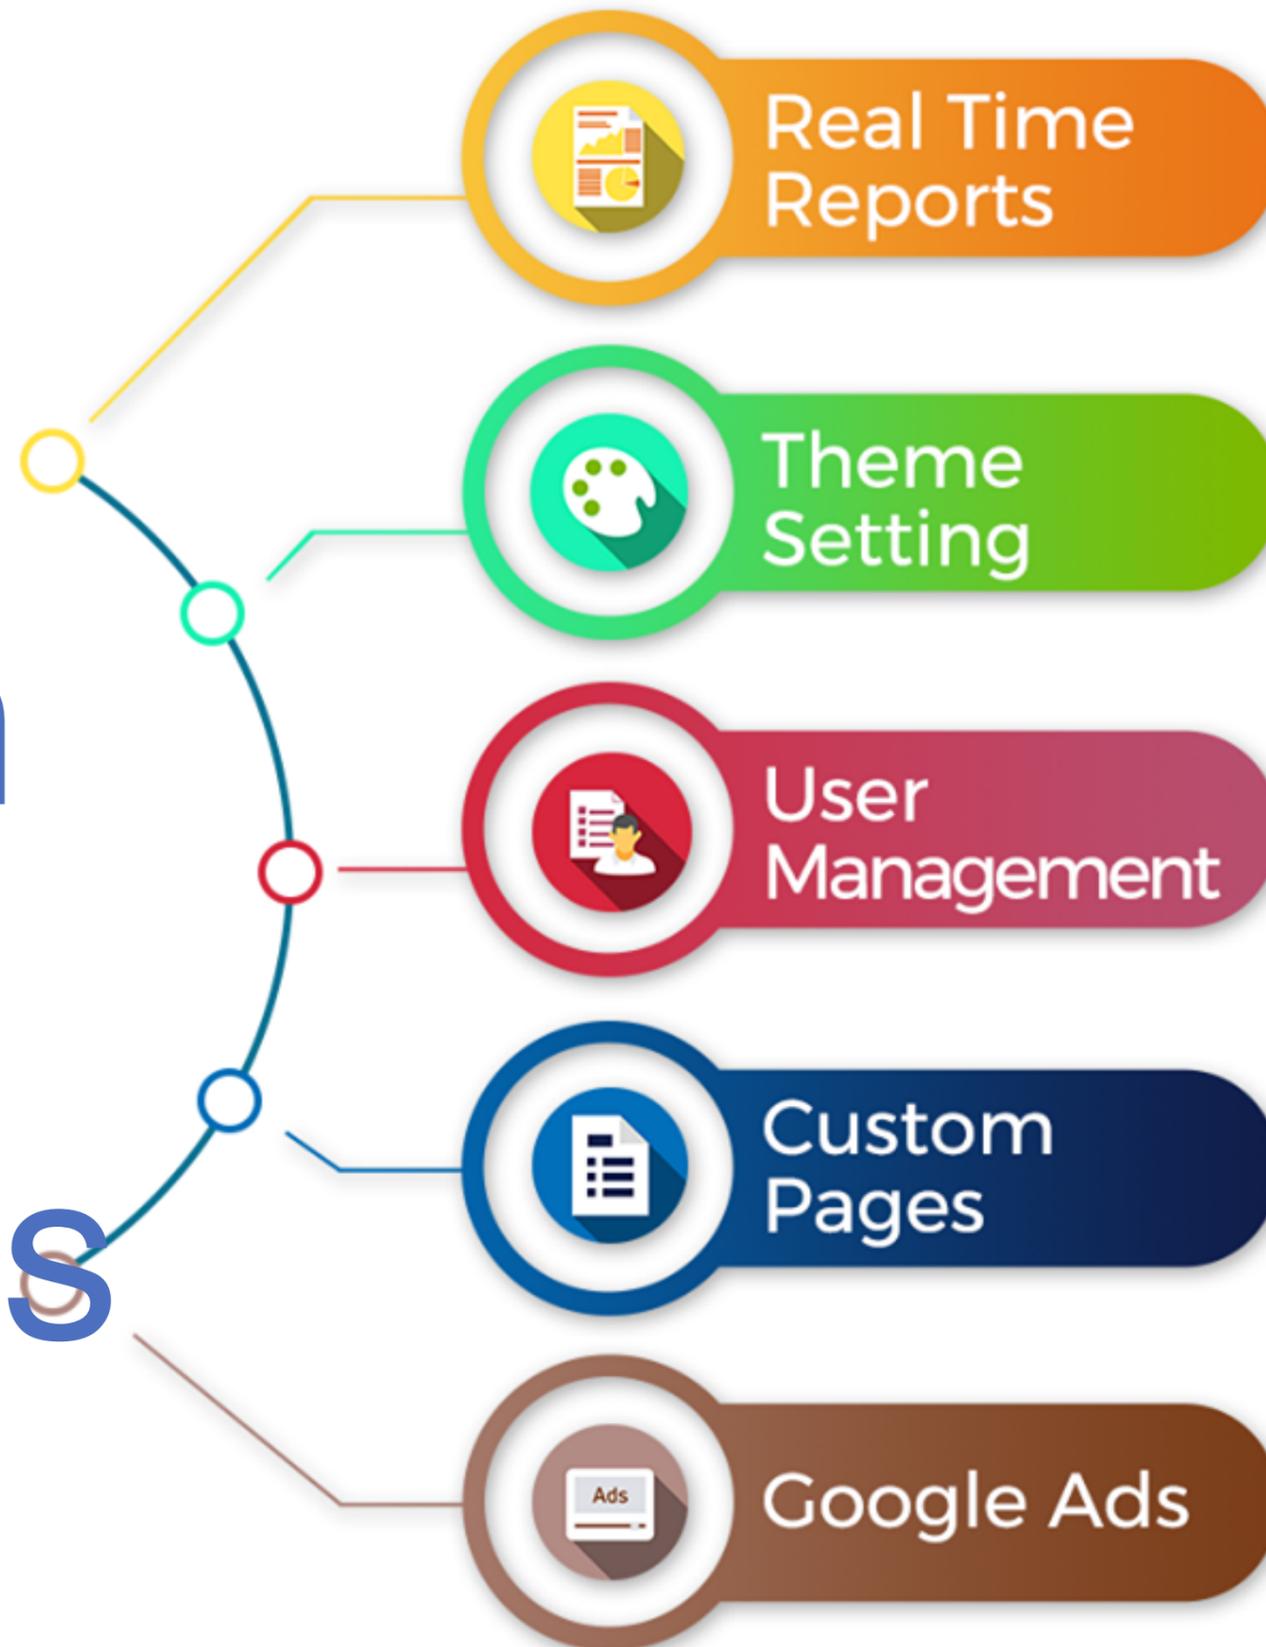

5

Internet payment gateway  
for paid subscription.

6

Social Media integration.

# AddOn Features

# Analytics

It is simple for the Editors to understand the choice of readers visiting/browsing/reading on the website through Analytics.

But this feature was missing on ePaper as there is no technology to keep the track of what a reader is exactly reading on the ePaper

# Analytics

iDocuments provides you with a Dashboard where you can login and see the details about what is a reader are cropping/sharing through online media.

# Analytics

Now you can know what your readers like to read!

This will benefit you in two ways:

- The editors can focus on generation of required content.
- The sales/marketing team can procure advertisement for targeted/specific audience.
