

# eNsightics

For Manufacturing

*Smart Visual Analytics Solution based on  
Deep Machine Learning*

**eNsightics  
provides Automated Inspection  
capabilities through advanced  
visual analytics**

# APPLICATIONS

- **Automated inspection and quality control.**
- **Monitoring operation (pipeline, shop floor).**
- **Continuous monitoring and verification**
- **Predict the quality.**
- **Predictive maintenance using Performance, Failure & Conditions.**
- **Workforce Safety & Compliance (Helmets, Jackets, Boots, Masks etc.)**
- **Security for Workforce- ANPR, No Go Zone, Trespassing etc.**
- **Centralized Data and Records Management.**
- **Face Recognition Authentication Gatekeeper.**

# APPLICATIONS

- **Vehicle Speed Detection.**
- **PPE DETECTION**
- **Fire & Smoke Detection**
- **Helmet Detection.**
- **Pipeline Inspection.**
- **Machine Inspection**
- **Maintenance, Shop floor & worker efficiency.**
- **Theft Detection.**
- **Masks detection.**
- **Social Distancing.**
- **Crowd Management**
- **SOP Adherence**
- **Actuation**
- **Rust Detection**

# eNsightics

For Retail

*Artificial Intelligence Powered Solutions*

**eNsightics**

**offers customized solutions which enables organizations understand their operations better, derive patterns, generate more leads, helps strategize, optimize and be future ready.**

# OFFERINGS FOR RETAIL

- **Footfall Predictions, Capture, Proximity traffic, Gender, Age, Emotions, Clothing analytics, Customer time in front of racks**
- **Repeat Customer Analysis (Facial Recognition), Gesture based feedback & VOC Capture**
- **Suspicious Activity / Theft detection**
- **Heat Map & tracking Customer trails**
- **Queue Management and auto-monitoring of billing counters**
- **Conversion dashboards**
- **Interactive Digital Branding, Dynamic content to Digital Signage based on Walk-ins**
- **Monitoring Shelves / Racks**
- **Machine Learning based Demand Forecasting & Promotions**
- **Conversational Commerce**
- **Ecommerce - Smart Recommendations, Personalised Homepage, Intelligent Search**
- **Warehouse - Truck loading/Unloading time measure, Carton counting, Carton detection at unauthorised places, detection of human presence post work hours**
- **Pandemic measures - Regulate entrants, Masks/Social Distancing non-compliance**
- **Facial Recognition based Workforce management for Staff**
- **Surveillance solutions (Perimeter, Intrusion, Incident, Asset Protection)**
